

# Upgrade Your Technology, Upgrade Your Community With Connexion

## Why upgrade your technology systems?

- Information is transmitted at the speed of light over tiny strands of glass
- Our networks deliver a fiber-optic connection directly to your property and/or units
- Simplify your entertainment and communication experience to a single superior network capable of hosting multiple providers
- Exceed the technology expectations of today's residents
- Increased value
- Wireless hot-spot connectivity

## Why Now?

- Overall bandwidth demand has increased exponentially
- Music and Movie Downloads: The average HD movie requires the same amount of bandwidth as 35,000 average-sized web pages
- Future Applications: Your network needs to be ready to accommodate the technology needs of the future

## Why Connexion Technologies?

- Uses its own capital—no investment required by you!

- Never be held hostage by a poor performing provider again, with separation of infrastructure from providers
- Commercial-grade service level agreements
- Best-in-class partners
- Expanded portfolio of services
- Opportunities to increase ancillary income

Connexion Technologies customizes and manages state-of-the-art communications networks in single family, multifamily, high-rise, resort and hospitality properties nationwide. Its award-winning networks optimize the communication experience and value of properties for residents and property owners, creating *A Better Connection*™. Connexion Technologies is not a service provider, rather it selects and manages a portfolio of providers that offer entertainment and communication applications, including the best in enhanced television, telephone, Internet, and other services over Connexion's provider-neutral networks. Based in Cary, N.C., it was established in 2002 and serves properties in 20 states.
