

FOR IMMEDIATE RELEASE

Connexion Technologies Forms Two New Florida Partnerships

*Infrastructure company to deliver communications
for Dos Lagos and Pine Ridge communities*

Cary, North Carolina, – July 21, 2009, Today Connexion Technologies announced its newest Florida partnerships with two private communities, Pine Ridge III, located in Greenacres, and Dos Lagos in Boynton Beach. Connexion will create a customized fiber-optic network for the delivery of services such as television, high-speed Internet and telephone for both properties' residents.

A fiber-optic network offers unlimited bandwidth, which enables increased service quality and reliability and increases home values by thousands of dollars.

“Our unique business model enables us to deliver a customized technology solution that best fits the needs of each property,” said Grant Kitching of Connexion Technologies. “By welcoming and managing a wide variety of leading service providers on our infrastructure, we can enable the delivery of a robust selection of service offerings at a significant savings.”

Pine Ridge III, boasting 336 condos, is located in the heart of sunny South Florida, and only a few miles from beach access.

The Dos Lagos community is made up of five separate associations that represent 417 individual single-family homes, condos, town homes and villa owners and their residences.

“We look forward to delivering cutting-edge services at a reduced price,” said Christine Blundon of Dos Lagos.

“Our partnership with Connexion Technologies is a win-win for both us and our residents,” said Michael Carreira, Board President of The Pine Ridge III. “We get a great value add for our community, and our residents receive world-class services.”
