## **Connexion Technologies Launches New Facility in Gulf Shores**

*Technology Infrastructure Company brings new Jobs to the Area*

Cary, North Carolina, August 28, 2009 – Connexion Technologies will officially open its newest facility in Gulf Shores, Alabama on September 3. The center will house several offices of Connexion Technologies as well as operational facilities for Accelera Services, LLC, an affiliated company that supports service providers who operate on Connexion Technologies' networks.

“We’re very proud of our expanded and committed presence in the Gulf Shores area,” said Michelle Stancil,” Connexion Technologies’ vice president and general manager of the Gulf Coast region. “This state of the art facility ensures that our preferred service providers, such as SmartResort, who does business as Beyond Communications, can continue to offer the best services with limitless bandwidth on our network.”

The new Gulf Shores office houses a regional call center and a network operations center which is operated by Accelera Services, as well as enables Connexion Technologies to provide additional network infrastructure support for its properties in the region. Connexion Technologies, who acts as a fiber-optic infrastructure provider and as a service provider manager, has formed a relationship with a variety of properties in the region including Cottages on the Greene, Escapes to the Shores, Craft Farms, The Beach Club and The Wharf.

“I think that the fiber makes our homes much ‘smarter’ than homes with traditional networks,” said Wayne Musgrove, developer of Cottages on the Greene, a community in Foley, Alabama. “Perfect television reception, one-click Internet access with speeds noticeably faster than DSL or cable, and no service interruptions from storms are some of our most valued features.”

The new Gulf Shores facility employs more than 80 professionals, making it one of the largest communications employers in Baldwin County. The official grand opening will be held at 3:30 p.m. on September 3, at 1240 Commerce Drive. The event is open to the public.

About Connexion Technologies

Connexion Technologies customizes and manages state of the art communications networks in single-family, multi-family, high-rise, resort and hospitality properties nationwide. Its award-winning networks optimize the communication experience and value of properties for residents and property owners, creating *A Better Connection*.<sup>SM</sup> Connexion Technologies is not a service provider, rather it selects and manages a portfolio of providers that offer entertainment and communication applications, including the best in enhanced television, telephone, Internet, and other services over Connexion's provider-neutral networks. The company is based in Cary, North Carolina. It was established in 2002 and serves properties in 17 states.
